A New Way to Own

Evolution Stables is a New Zealand-based, NZTR-authorised syndicator offering fractional, fixed-term digital leasehold interests in thoroughbreds. We partner with leading owners and trainers to lease premium bloodstock, then make those opportunities available in fractional digital shares.

To deliver this securely and at scale, we work with Tokinvest, a licensed and regulated platform (Dubai VARA-approved) that manages investor onboarding, compliance, and secure digital issuance of syndicate tokens.

Our approach blends the tradition, passion, and community of racing with modern technology and transparent processes—helping to build the next generation of owners.

Key Information Summary

What is this?

This Product Disclosure Statement outlines a 36-month leasehold interest in Almanzor x Night Danza (unnamed) (marketed as Nellie), a New Zealand thoroughbred. Evolution Stables has secured a 5% leasehold stake and is making fractional participation available through its digital-syndication model.

Who is this for?

Individuals seeking exposure to racehorse ownership in a simplified, digital format—no prior experience required.

How does it work?

You lease a share of our 5% stake in Nellie. Your one-time fee covers costs for the term as disclosed. You receive 75% of revenue generated from racing, sponsorship, or commercial activity attributable to the syndicate stake, proportional to your share.

Structure

- Split into 20 digital tokens (each representing 0.25% of the horse)
- Fixed for the term 1 September 2026 to 1 August 2029 (36 months)
- Fully managed by Evolution Stables
- Digitally issued and administered via Tokinvest (regulated by VARA, Dubai) where applicable

Fees

- \$661.50 NZD per 0.25% token (lot)
- Platform fee on list rate: 5%
- Owner rate: \$70 / month / 1% (if applicable)

Returns

Returns are variable, based on race performance and commercial revenue. There are no guarantees, and you may not recover your original investment.

Race schedule expectation

Pre-training

Risks

- The horse may underperform, suffer injury, or be retired early.
- Early termination may result in a pro-rata refund where applicable.
- Limited liquidity—resale may not be immediate or available.
- You could lose the full amount of your investment.

How to invest

Applications via Evolution Stables / the marketplace. Identity verification may be required under AML/CFT laws. Purchases only when the campaign is listed and the site allows charging.

Manager

Evolution Stables Ltd (NZBN: 9429050177875) is an authorised NZTR syndicator specialising in digital-syndication of leasehold interests in New Zealand thoroughbreds.

3. Upfront Costs and Expenses

The Nellie Syndicate is structured as a fixed-cost lease for the disclosed term. You pay one upfront amount to participate (unless renewal is agreed later).

Total lease cost: \$661.50 NZD per 0.25% token

This cost is intended to cover training and care, syndicate management and reporting, NZTR registration/compliance, Tokinvest platform administration, and routine costs associated with the leasehold interest for the term — as finalised in the executed PDS.

4. Revenue Streams

Under the lease arrangement, 75% of gross revenue attributable to the syndicate stake is allocated to token holders, with the remaining 25% retained by the lessor/structure as disclosed. Revenue may include prizemoney, sponsorship, media/commercial rights, and other verifiable income attributable to the horse during the lease period.

5. Ongoing Costs and Expenses

Unless otherwise stated in the final PDS, routine costs for the disclosed term are included in the upfront fee. Renewals or extraordinary costs (if any) will be disclosed before they apply.

6. Minimum Amount

The minimum investment is one digital token (0.25% of the horse), priced at \$661.50 NZD, subject to availability.

7. What Taxes Will You Pay?

Revenue earned from your participation in the Nellie Syndicate may be subject to tax, depending on your personal circumstances and jurisdiction. Evolution Stables does not provide tax advice. You should consult a qualified adviser.

8. Insurance Information

Insurance arrangements for the horse (mortality, loss of use, or other cover), if any, are held or arranged by the owner/lessor or as disclosed in the final pack schedules. Leaseholders should not assume they are named insureds unless expressly stated.

9. Valuation Reports

Any formal valuation of the horse or the leasehold interest will be appended as a schedule when available. Until then, the offer price of tokens is a fixed commercial term of the lease syndicate and is not a representation of residual freehold value of the horse.

10. Veterinary Report

A current veterinary assessment suitable for syndication purposes should be attached as an appendix in the executed pack. Until attached, treat fitness for training/racing as subject to that report. Nellie is described for marketing and education based on information supplied by the trainer/owner; it is not a veterinary certificate.

11. Material Interests and Commissions

Evolution Stables Ltd acts as promoter and manager and receives management and platform-related fees as disclosed. The lessor (B.A.X Bloodstock) retains interests in the horse outside the syndicate stake.

12. Risk Disclosure

- Racing is speculative; you may lose some or all of your capital.
- No guarantee of race starts, placings, wins, or commercial returns.
- Injury, illness, or early retirement may reduce or end racing activity.
- Liquidity is limited; resale of tokens may not be available or timely.
- Participation is leasehold only — not freehold ownership of the horse.
- Past performance of sire, dam, trainer, or related horses is not a reliable indicator of future results.

13. Responsible Investment

Only invest amounts you can afford to lose. Syndicate participation is intended as a recreational interest in thoroughbred racing with financial risk. Seek independent advice if unsure.

14. Legal Structure and Oversight

The syndicate is promoted under NZTR Bloodstock Syndication Code of Practice frameworks. Evolution Stables Ltd (NZBN: 9429050177875) is the promoter/manager. Digital issuance/administration may be supported by Tokinvest under applicable VARA-related arrangements.

15. Termination & Forfeiture

The lease ends on the stated end date, or earlier if the horse is retired, sold under disclosed arrangements, or as otherwise provided in this PDS, the Syndicate Agreement, and NZTR rules. Early termination may involve pro-rata treatment of fees where disclosed.

16. Transfer of Interests

Tokens may only be transferred with Manager consent and in accordance with NZTR and platform rules. Transfers must be recorded by the Manager.

17. Records and Administration

The Manager will maintain records of syndicate membership, communications, and distributions as required for NZTR and internal administration. Updates on the horse will be provided through Evolution channels while the lease is active.

18. How to Complain

Complaints may be directed first to Evolution Stables (alex@evolutionstables.nz). If unresolved, participants may use applicable NZTR or other regulatory complaint pathways as advised in the final pack.

19. Investment Details

I hereby apply for the following interest in the Nellie Syndicate:

— (allocation not set — general syndicate pack)
